## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | SNRPN                                |
| Binding Specificity: | C-Term                               |
| Reactivity:          | Human, Mouse                         |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This SNRPN antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                  |
|---------------|----------------------------------|
| Immunogen:    | C-terminal region of human SNRPN |
| Purification: | Affinity purification            |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | SNRPN                                    |
| Alternative Name: | SNRPN ( <a href="#">SNRPN Products</a> ) |
| Molecular Weight: | 25 kDa                                   |
| UniProt:          | <a href="#">P63162</a>                   |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | 0.01 % Sodium azide                                                                                                    |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
