## Overview

|              |  |
|--------------|--|
| Quantity:    | 0.1 mL   |
| Target:      | Peptidoglycan (PG)   |
| Reactivity:  | Bacteria   |
| Host:        | Mouse  |
| Clonality:   | Monoclonal   |
| Conjugate:   | This Peptidoglycan antibody is un-conjugated   |
| Application: | Immunohistochemistry (Frozen Sections) (IHC (fro)), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)), ELISA |

## Product Details

|                  |   |
|------------------|---|
| Immunogen:       | This antibody was raised against insoluble peptidoglycan obtained by TCA-heat and ethanol extraction of Streptococcus mutans BHT cells. |
| Clone:           | 3F6B3 (10H6)  |
| Isotype:         | IgG1  |
| Characteristics: | Ascitic Fluid - raw   |

## Target Details

|                   |   |
|-------------------|---|
| Target:           | Peptidoglycan (PG)                            |
| Alternative Name: | PEPTIDOGLYCAN ( <a href="#">PG Products</a> ) |

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

---

Restrictions: For Research Use only

## Handling

---

Format: Liquid
