## Overview

|              |                                         |
|--------------|-----------------------------------------|
| Quantity:    | 100 tests                               |
| Target:      | TREM1                                   |
| Reactivity:  | Mouse                                   |
| Host:        | Rat                                     |
| Clonality:   | Monoclonal                              |
| Conjugate:   | This TREM1 antibody is conjugated to PE |
| Application: | Flow Cytometry (FACS)                   |

## Product Details

|                  |                                                   |
|------------------|---------------------------------------------------|
| Immunogen:       | Mouse TREM-1 Fc fusion protein                    |
| Clone:           | L5-B8-2A12-3A12                                   |
| Isotype:         | IgG2a                                             |
| Characteristics: | Purified IgG conjugated to R. Phycoerythrin (RPE) |

## Target Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Target:           | TREM1                                     |
| Alternative Name: | TREM-1 ( <a href="#">TREM1 Products</a> ) |
| Gene ID:          | 58217                                     |
| UniProt:          | <a href="#">Q9JKE2</a>                    |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|         |             |
|---------|-------------|
| Format: | Lyophilized |
|---------|-------------|
