Datasheet for ABIN2534409

Hepatitis B Virus E Antigen (HBeAg) ELISA Kit

Overview

Quantity:	96 tests
Target:	Hepatitis B Virus E Antigen (HBeAg)
Reactivity:	Mouse
Application:	ELISA

Product Details

Purpose:	Mouse Hepatitis B Virus E Antigen ELISA Kit is an ELISA kit against Mouse Hepatitis B Virus E Antigen.
Sample Type:	Cell Culture Supernatant, Plasma, Serum
Analytical Method:	Qualitative
Detection Method:	Colorimetric
Characteristics:	Mouse Hepatitis B Virus E Antigen ELISA Kit is an ELISA kit against Mouse Hepatitis B Virus E Antigen.

Target Details

Target:	Hepatitis B Virus E Antigen (HBeAg)
Alternative Name:	Hepatitis B Virus E Antigen (HBeAg Products)
Target Type:	Viral Protein

Application Details

Application Notes:	Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less
--------------------	---

Application Details

than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout. Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user.

Comment: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5% within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout.

Plate: Pre-coated

Restrictions: For Research Use only

Handling

Storage: 4 °C/-20 °C

Storage Comment: Upon receipt, store the kit according to the storage instruction in the kit's manual.

Expiry Date: 6 months
