| Target:                         | IL28A  |
| Reactivity:                     | Human  |
| Method Type:                    | Sandwich ELISA   |
| Detection Range:                | 1.56 pg/mL - 100 pg/mL   |
| Minimum Detection Limit:        | 1.56 pg/mL   |
| Application:                    | ELISA  |

|                                 |  |
| Purpose:                        | Human Interleukin 28A ELISA Kit is a sandwich ELISA kit for use with Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids. This assay has high sensitivity and excellent specificity for detection of Interleukin 28A (IL28A)  No significant cross-reactivity or interference between Interleukin 28A (IL28A) and analogues was observed. |
| Purpose:  Sample Type:          | homogenates, cell lysates, cell culture supernates and other biological fluids. This assay has high sensitivity and excellent specificity for detection of Interleukin 28A (IL28A)  No significant cross-reactivity or interference between Interleukin 28A (IL28A) and analogues  |
|                                 | homogenates, cell lysates, cell culture supernates and other biological fluids. This assay has high sensitivity and excellent specificity for detection of Interleukin 28A (IL28A)  No significant cross-reactivity or interference between Interleukin 28A (IL28A) and analogues was observed.  |
| Sample Type:                    | homogenates, cell lysates, cell culture supernates and other biological fluids. This assay has high sensitivity and excellent specificity for detection of Interleukin 28A (IL28A)  No significant cross-reactivity or interference between Interleukin 28A (IL28A) and analogues was observed.  Cell Culture Supernatant, Cell Lysate, Plasma, Serum, Tissue Homogenate                   |
| Sample Type: Analytical Method: | homogenates, cell lysates, cell culture supernates and other biological fluids. This assay has high sensitivity and excellent specificity for detection of Interleukin 28A (IL28A)  No significant cross-reactivity or interference between Interleukin 28A (IL28A) and analogues was observed.  Cell Culture Supernatant, Cell Lysate, Plasma, Serum, Tissue Homogenate  Quantitative     |

## Target Details

| Target:             | IL28A   |  |
|---------------------|---|--|
| Alternative Name:   | Interleukin 28A (IL28A) (IL28A Products)  |  |
| Application Details |   |  |
| Application Notes:  | Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less |  |
|                     | than 5 % within the expiration date under appropriate storage conditions. To minimize                 |  |
|                     | performance fluctuations, operation procedures and lab conditions should be strictly controlled.      |  |
|                     | It is also strongly suggested that the whole assay is performed by the same user throughout.          |  |
|                     | Recommended dilutions: Optimal dilutions/concentrations should be determined by the end               |  |
|                     | user.   |  |
|                     | Standard Form: Lyophilized  |  |
| Comment:            | The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5%    |  |
|                     | within the expiration date under appropriate storage conditions minimize performance                  |  |
|                     | fluctuations, operation procedures and lab conditions should be strictly controlled. It is also       |  |
|                     | strongly suggested that the whole assay is performed by the same user throughout.                     |  |
| Plate:              | Pre-coated  |  |
| Restrictions:       | For Research Use only   |  |
|                     |   |  |
| Handling            |   |  |
| Storage:            | 4 °C/-20 °C   |  |
| Storage Comment:    | Upon receipt, store the kit according to the storage instruction in the kit's manual.                 |  |
| Expiry Date:        | 6 months  |  |
|                     |   |  |
