

## Datasheet for ABIN2535815 **KLH ELISA Kit**

[Go to Product page](#)

### Overview

Quantity: 96 tests

Target: KLH

Reactivity: Mouse

Method Type: Sandwich ELISA

Application: ELISA

### Product Details

Purpose: Mouse Keyhole Limpet Hemocyanin IgM ELISA Kit is an ELISA kit against Mouse Keyhole Limpet Hemocyanin IgM.

Sample Type: Cell Culture Supernatant, Plasma, Serum

Analytical Method: Qualitative

Detection Method: Colorimetric

Characteristics: Mouse Keyhole Limpet Hemocyanin ELISA Kit is an ELISA kit against Mouse Keyhole Limpet Hemocyanin.

### Target Details

Target: KLH

Alternative Name: Keyhole Limpet Hemocyanin ([KLH Products](#))

### Application Details

Application Notes: Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less

## Application Details

---

than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout. Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user.

---

Comment: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5% within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout.

---

Plate: Pre-coated

---

Restrictions: For Research Use only

## Handling

---

Storage: 4 °C/-20 °C

---

Storage Comment: Upon receipt, store the kit according to the storage instruction in the kit's manual.

---

Expiry Date: 6 months
