

Datasheet for ABIN2536183 **LMW Kininogen ELISA Kit**

[Go to Product page](#)

Overview

Quantity: 96 tests

Target: LMW Kininogen (LMWK)

Reactivity: Human

Method Type: Sandwich ELISA

Detection Range: 6.25 ng/mL - 400 ng/mL

Minimum Detection Limit: 6.25 ng/mL

Application: ELISA

Product Details

Purpose: Human LMWK ELISA Kit is a sandwich ELISA kit for use with Plasma. This assay has high sensitivity and excellent specificity for detection of Low Molecular Weight Kininogen (LMWK). No significant cross-reactivity or interference between Low Molecular Weight Kininogen (LMWK) and analogues was observed.

Sample Type: Plasma

Analytical Method: Quantitative

Detection Method: Colorimetric

Specificity: This assay has high sensitivity and excellent specificity for detection of Low Molecular Weight Kininogen (LMWK)

Sensitivity: < 2.93 ng/mL

Target Details

Target: LMW Kininogen (LMWK)

Abstract: [LMWK Products](#)

Application Details

Application Notes: Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout. Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user.
Standard Form: Lyophilized

Comment: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5% within the expiration date under appropriate storage conditions. - minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout.

Plate: Pre-coated

Restrictions: For Research Use only

Handling

Storage: 4 °C/-20 °C

Storage Comment: Upon receipt, store the kit according to the storage instruction in the kit's manual.

Expiry Date: 6 months
