

Datasheet for ABIN2540551 **XDH ELISA Kit**

[Go to Product page](#)

Overview

Quantity: 96 tests

Target: XDH

Reactivity: Human

Method Type: Sandwich ELISA

Detection Range: 0.156 ng/mL - 10 ng/mL

Minimum Detection Limit: 0.156 ng/mL

Application: ELISA

Product Details

Purpose: Human XDH ELISA Kit is a sandwich ELISA kit for use with Serum, plasma, breast milk and other biological fluids. This assay has high sensitivity and excellent specificity for detection of Xanthine Dehydrogenase (XDH)

No significant cross-reactivity or interference between Xanthine Dehydrogenase (XDH) and analogues was observed.

Sample Type: Milk, Plasma, Serum

Analytical Method: Quantitative

Detection Method: Colorimetric

Specificity: This assay has high sensitivity and excellent specificity for detection of Xanthine Dehydrogenase (XDH)

Sensitivity: < 0.054 ng/mL

Target Details

Target: XDH

Abstract: [XDH Products](#)

Pathways: [Positive Regulation of Endopeptidase Activity](#)

Application Details

Application Notes: Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout. Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user. Standard Form: Lyophilized

Comment: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5% within the expiration date under appropriate storage conditions. - minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout.

Plate: Pre-coated

Restrictions: For Research Use only

Handling

Storage: 4 °C/-20 °C

Storage Comment: Upon receipt, store the kit according to the storage instruction in the kit's manual.

Expiry Date: 6 months
