## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 200 µL                                |
| Target:              | ZNF274                                |
| Binding Specificity: | AA 53-82                              |
| Reactivity:          | Human                                 |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This ZNF274 antibody is un-conjugated |
| Application:         | ELISA, Western Blotting (WB)          |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This ZNF274 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 53-82 amino acids from the N-terminal region of human ZNF274. |
| Purification: | Affinity purified                                                                                                                                                      |

## Target Details

|                   |                                             |
|-------------------|---------------------------------------------|
| Target:           | ZNF274                                      |
| Alternative Name: | ZNF274 ( <a href="#">ZNF274 Products</a> )  |
| Background:       | Name/Gene ID: ZNF274<br>Family: Zinc Finger |

### Target Details

|          |                                                                                                                                 |
|----------|---------------------------------------------------------------------------------------------------------------------------------|
|          | Synonyms: ZNF274, HFB101, ZF2, Zinc finger protein 274, Zinc finger protein zfp2, ZSCAN51, Zinc finger protein HFB101, ZKSCAN19 |
| Gene ID: | 10782                                                                                                                           |

### Application Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Application Notes: | Approved: ELISA (1:1000), WB (1:100 - 1:500) |
| Comment:           | Target Species of Antibody: Human            |
| Restrictions:      | For Research Use only                        |

### Handling

|                    |                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                         |
| Concentration:     | Lot specific                                                                                                                   |
| Buffer:            | PBS, pH 7.2, 0.09 % sodium azide.                                                                                              |
| Preservative:      | Sodium azide                                                                                                                   |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.         |
| Handling Advice:   | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:           | 4 °C,-20 °C                                                                                                                    |
| Storage Comment:   | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year. |
