## Datasheet for ABIN2573198 anti-SVOP antibody (AA 2-31)

Overview

| Quantity:            | 200 µL                              |
|----------------------|-------------------------------------|
| Target:              | SVOP                                |
| Binding Specificity: | AA 2-31                             |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This SVOP antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

| lsotype:      | lgG                                                                                                                                                               |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This SVOP antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 2-31 amino acids from the N-terminal region of human SVOP. |
| Purification: | Affinity purified                                                                                                                                                 |

## Target Details

| Target:           | SVOP                                                        |
|-------------------|-------------------------------------------------------------|
| Alternative Name: | SVOP (SVOP Products)                                        |
| Background:       | Name/Gene ID: SVOP<br>Subfamily: Organic cation transporter |
|                   | Family: Transporter                                         |

|                     | Synonyms: SVOP, SV2-related protein                                                                                               |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Gene ID:            | 55530                                                                                                                             |
| Application Details |                                                                                                                                   |
| Application Notes:  | Approved: ELISA (1:1000), WB (1:100 - 1:500)                                                                                      |
| Comment:            | Target Species of Antibody: Human                                                                                                 |
| Restrictions:       | For Research Use only                                                                                                             |
| Handling            |                                                                                                                                   |
| Format:             | Liquid                                                                                                                            |
| Concentration:      | Lot specific                                                                                                                      |
| Buffer:             | PBS, pH 7.2, 0.09 % sodium azide.                                                                                                 |
| Preservative:       | Sodium azide                                                                                                                      |
| Precaution of Use:  | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.            |
| Handling Advice:    | Aliquot to avoid repeated freezing and thawing.                                                                                   |
| Storage:            | 4 °C,-20 °C                                                                                                                       |
| Storage Comment:    | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C.<br>Aliquots are stable for 1 year. |
