## Overview

|              |                                                                                                                |
|--------------|----------------------------------------------------------------------------------------------------------------|
| Quantity:    | 100 µL                                                                                                         |
| Target:      | TARBP2                                                                                                         |
| Reactivity:  | Human                                                                                                          |
| Host:        | Mouse                                                                                                          |
| Clonality:   | Monoclonal                                                                                                     |
| Conjugate:   | This TARBP2 antibody is un-conjugated                                                                          |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                                                        |
|---------------|----------------------------------------------------------------------------------------|
| Immunogen:    | Full length human recombinant protein of human TARBP2 (NP_004169) produced in E. coli. |
|               | Type of Immunogen: Recombinant protein                                                 |
| Clone:        | 7C1                                                                                    |
| Isotype:      | IgG1                                                                                   |
| Specificity:  | Human TARBP2 / TRBP2                                                                   |
| Purification: | Immunoaffinity purified                                                                |

## Target Details

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Target:           | TARBP2                                             |
| Alternative Name: | TARBP2 / TRBP2 ( <a href="#">TARBP2 Products</a> ) |

## Target Details

|                 |                                                                                                                              |
|-----------------|------------------------------------------------------------------------------------------------------------------------------|
| Background:     | Name/Gene ID: TARBP2<br><br>Synonyms: TARBP2, TAR RNA binding protein 2, TRBP1, TRBP2, TAR RNA-binding protein 2, TRBP, LOQS |
| Gene ID:        | 6895                                                                                                                         |
| NCBI Accession: | <a href="#">NP_004169</a>                                                                                                    |
| Pathways:       | <a href="#">Regulatory RNA Pathways</a> , <a href="#">Ribonucleoprotein Complex Subunit Organization</a>                     |

## Application Details

|                    |                                           |
|--------------------|-------------------------------------------|
| Application Notes: | Approved: IHC, IHC-P (1:150), WB (1:2000) |
| Comment:           | Target Species of Antibody: Human         |
| Restrictions:      | For Research Use only                     |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.3, 1 % BSA, 50 % glycerol, 0.02 % sodium azide                                                               |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Minimize freezing and thawing.                                                                                         |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C. Avoid freeze-thaw cycles.                                                                              |
