## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 200 µL                                                   |
| Target:              | UBTD1                                                    |
| Binding Specificity: | AA 180-212                                               |
| Reactivity:          | Human                                                    |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This UBTD1 antibody is un-conjugated                     |
| Application:         | ELISA, Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This UBTD1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 180-212 amino acids from the C-terminal region of human UBTD1. |
| Purification: | Affinity purified                                                                                                                                                      |

## Target Details

|                   |                                                                           |
|-------------------|---------------------------------------------------------------------------|
| Target:           | UBTD1                                                                     |
| Alternative Name: | UBTD1 ( <a href="#">UBTD1 Products</a> )                                  |
| Background:       | Name/Gene ID: UBTD1<br><br>Synonyms: UBTD1, Ubiquitin domain containing 1 |

## Target Details

Gene ID: 80019

## Application Details

Application Notes: Approved: ELISA (1:1000), IHC (1:50), WB (1:100 - 1:500)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for at least 1 year.
