Datasheet for ABIN2576854  
**anti-PREP antibody (AA 293-322)**

## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 200 µL                              |
| Target:              | PREP                                |
| Binding Specificity: | AA 293-322                          |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This PREP antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

|               |   |
|---------------|---|
| Isotype:      | IgG   |
| Specificity:  | This PREP antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 293-322 amino acids from the Central region of human PREP. |
| Purification: | Affinity purified   |

## Target Details

|                   |  |
|-------------------|--|
| Target:           | PREP   |
| Alternative Name: | PREP / Prolyl Endopeptidase ( <a href="#">PREP Products</a> )  |
| Background:       | Name/Gene ID: PREP<br>Subfamily: Serine S9<br>Family: Protease |

## Target Details

Synonyms: PREP, Prolyl endopeptidase, Prolyl oligopeptidase, Post-proline cleaving enzyme, PEP

Gene ID: 5550

## Application Details

Application Notes: Approved: ELISA (1:1000), WB (1:100 - 1:500)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year.
