## Overview

|                      |                                                |
|----------------------|------------------------------------------------|
| Quantity:            | 200 µL                                         |
| Target:              | Proline Rich 15 (PRR15)                        |
| Binding Specificity: | AA 71-100                                      |
| Reactivity:          | Human                                          |
| Host:                | Rabbit                                         |
| Clonality:           | Polyclonal                                     |
| Conjugate:           | This Proline Rich 15 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA                   |

## Product Details

|               |                                                                                                                                                                       |
|---------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                   |
| Specificity:  | This PRR15 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 71-100 amino acids from the C-terminal region of human PRR15. |
| Purification: | Affinity purified                                                                                                                                                     |

## Target Details

|                   |                                                           |
|-------------------|-----------------------------------------------------------|
| Target:           | Proline Rich 15 (PRR15)                                   |
| Alternative Name: | PRR15 ( <a href="#">PRR15 Products</a> )                  |
| Background:       | Name/Gene ID: PRR15                                       |
|                   | Synonyms: PRR15, Proline rich 15, Proline-rich protein 15 |

## Target Details

Gene ID: 222171

## Application Details

Application Notes: Approved: ELISA (1:1000), WB (1:100 - 1:500)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year.
