## Datasheet for ABIN2582049

## anti-OR6S1 antibody (AA 281-310)

## Overview

| Quantity:            | 200 μL                               |
|----------------------|--------------------------------------|
| Target:              | OR6S1                                |
| Binding Specificity: | AA 281-310                           |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This OR6S1 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

#### **Product Details**

| Isotype:      | IgG                                                                                                                                                                    |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This OR6S1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 281-310 amino acids from the C-terminal region of human OR6S1. |
| Purification: | Affinity purified                                                                                                                                                      |

### **Target Details**

| Target:           | OR6S1                  |
|-------------------|------------------------|
| Alternative Name: | OR6S1 (OR6S1 Products) |
| Background:       | Name/Gene ID: OR6S1    |
|                   | Subfamily: Olfactory   |
|                   | Family: GPCR           |

|                     | Synonyms: OR6S1, Olfactory receptor 6S1, Olfactory receptor OR14-37, OR14-37, OR6S1Q                                           |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Gene ID:            | 341799                                                                                                                         |
| Application Details |                                                                                                                                |
| Application Notes:  | Approved: ELISA (1:1000), WB (1:100 - 1:500)                                                                                   |
| Comment:            | Target Species of Antibody: Human                                                                                              |
| Restrictions:       | For Research Use only                                                                                                          |
| Handling            |                                                                                                                                |
| Format:             | Liquid                                                                                                                         |
| Concentration:      | Lot specific                                                                                                                   |
| Buffer:             | PBS, pH 7.2, 0.09 % sodium azide.                                                                                              |
| Preservative:       | Sodium azide                                                                                                                   |
| Precaution of Use:  | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which                                                  |
|                     | should be handled by trained staff only.                                                                                       |
| Handling Advice:    | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:            | 4 °C,-20 °C                                                                                                                    |
| Storage Comment:    | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year. |
