

Datasheet for ABIN2582719

**anti-Polybromo 1 antibody (AA 957-1086) (FITC)**[Go to Product page](#)

## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | Polybromo 1 (PBRM1)                             |
| Binding Specificity: | AA 957-1086                                     |
| Reactivity:          | Human                                           |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This Polybromo 1 antibody is conjugated to FITC |
| Application:         | Western Blotting (WB)                           |

## Product Details

|               |                                                          |
|---------------|----------------------------------------------------------|
| Immunogen:    | Recombinant PBRM1 (Met957-Lys1086) expressed in E. coli. |
|               | Type of Immunogen: Recombinant protein                   |
| Isotype:      | IgG                                                      |
| Specificity:  | Human PBRM1 / BAF180 / PB1                               |
| Purification: | Affinity purified                                        |

## Target Details

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Target:           | Polybromo 1 (PBRM1)                                     |
| Alternative Name: | PBRM1 / BAF180 / PB1 ( <a href="#">PBRM1 Products</a> ) |

## Target Details

|             |                                                                                                                                           |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: PBRM1<br><br>Synonyms: PBRM1, BRG1-associated factor 180, HPB1, Polybromo 1, Protein polybromo-1, PB1, Polybromo-1D, BAF180 |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------|

|          |       |
|----------|-------|
| Gene ID: | 55193 |
|----------|-------|

## Application Details

|                    |                                                                                                                                                  |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: WB<br><br>Usage: The applications listed have been tested for the unconjugated form of this product. Other forms have not been tested. |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|

|          |                                   |
|----------|-----------------------------------|
| Comment: | Target Species of Antibody: Human |
|----------|-----------------------------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

|                    |                                                                                                                                                                                                    |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                                                                                             |
| Concentration:     | Lot specific                                                                                                                                                                                       |
| Buffer:            | PBS, pH 7.4, 0.02 % sodium azide, 50 % glycerol.                                                                                                                                                   |
| Preservative:      | Sodium azide                                                                                                                                                                                       |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                                                                             |
| Storage:           | 4 °C,-20 °C,-80 °C                                                                                                                                                                                 |
| Storage Comment:   | Store frozen product at or below -20°C. Thawed product may be stored for 2-4 weeks at 4°C. For optimal storage, aliquot to smaller portions and store at -20°C to -70°C. Avoid freeze-thaw cycles. |
