## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | MIS12                                |
| Binding Specificity: | AA 1-206                             |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Monoclonal                           |
| Conjugate:           | This MIS12 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                                                                                              |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Full length recombinant (aa1-206) from human MIS12 (AAH00229) with GST tag. MW of the GST tag alone is 26 KDa.<br><br>Type of Immunogen: Recombinant protein |
| Isotype:      | IgG2b kappa                                                                                                                                                  |
| Specificity:  | Human MIS12                                                                                                                                                  |
| Purification: | Affinity purified                                                                                                                                            |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | MIS12                                    |
| Alternative Name: | MIS12 ( <a href="#">MIS12 Products</a> ) |

## Target Details

|             |                                                                                                                                 |
|-------------|---------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: MIS12<br><br>Synonyms: MIS12, HMis12, Homolog of yeast Mis12, KNTC2AP, Protein MIS12 homolog, MIS12 homolog, MTW1 |
| Gene ID:    | 79003                                                                                                                           |
| Pathways:   | <a href="#">M Phase</a>                                                                                                         |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                                  |
| Concentration:   | Lot specific                                                                                                                            |
| Buffer:          | PBS, pH 7.2.                                                                                                                            |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                         |
| Storage:         | 4 °C,-20 °C                                                                                                                             |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for at least 1 year. |
