## Overview

|                      |                                        |
|----------------------|----------------------------------------|
| Quantity:            | 200 µL                                 |
| Target:              | MOBKL1A (MOB1B)                        |
| Binding Specificity: | N-Term                                 |
| Reactivity:          | Human                                  |
| Host:                | Rabbit                                 |
| Clonality:           | Polyclonal                             |
| Conjugate:           | This MOBKL1A antibody is un-conjugated |
| Application:         | ELISA, Immunohistochemistry (IHC)      |

## Product Details

|               |                                                                                      |
|---------------|--------------------------------------------------------------------------------------|
| Immunogen:    | KLH conjugated synthetic peptide selected from the N-terminal region of human MOB4A. |
|               | Type of Immunogen: Synthetic peptide                                                 |
| Isotype:      | IgG                                                                                  |
| Purification: | Affinity purified                                                                    |

## Target Details

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Target:           | MOBKL1A (MOB1B)                                    |
| Alternative Name: | MOB1B / MOBKL1A ( <a href="#">MOB1B Products</a> ) |
| Background:       | Name/Gene ID: MOB1B                                |

## Target Details

|          |                                                                                                                 |
|----------|-----------------------------------------------------------------------------------------------------------------|
|          | Synonyms: MOB1B, MOB kinase activator 1B, MOB4A, Mob1 homolog 1A, MOBKL1A, MATS2, MOB1 Mps One Binder homolog B |
| Gene ID: | 92597                                                                                                           |

## Application Details

|                    |                                      |
|--------------------|--------------------------------------|
| Application Notes: | Approved: ELISA (1:1000), IHC (1:50) |
| Comment:           | Target Species of Antibody: Human    |
| Restrictions:      | For Research Use only                |

## Handling

|                    |                                                                                                                                         |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                                  |
| Concentration:     | Lot specific                                                                                                                            |
| Buffer:            | PBS, 0.09 % sodium azide.                                                                                                               |
| Preservative:      | Sodium azide                                                                                                                            |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                  |
| Handling Advice:   | Aliquot to avoid repeated freezing and thawing.                                                                                         |
| Storage:           | 4 °C,-20 °C                                                                                                                             |
| Storage Comment:   | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for at least 1 year. |
