## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | BAMBI                                |
| Binding Specificity: | AA 1-261                             |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Monoclonal                           |
| Conjugate:           | This BAMBI antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                                                                                        |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Full length recombinant (aa1-261) from BAMBI (AAH19252) with GST tag. MW of the GST tag alone is 26 KDa.<br><br>Type of Immunogen: Recombinant protein |
| Clone:        | 3C1-1D1                                                                                                                                                |
| Isotype:      | IgG1 kappa                                                                                                                                             |
| Specificity:  | Human BAMBI.                                                                                                                                           |
| Purification: | Affinity purified                                                                                                                                      |

## Target Details

|         |       |
|---------|-------|
| Target: | BAMBI |
|---------|-------|

## Target Details

|                   |                                                                                |
|-------------------|--------------------------------------------------------------------------------|
| Alternative Name: | BAMBI ( <a href="#">BAMBI Products</a> )                                       |
| Background:       | Name/Gene ID: BAMBI<br><br>Synonyms: BAMBI, NMA, Non-metastatic gene A protein |
| Gene ID:          | 25805                                                                          |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                            |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                                     |
| Concentration:   | Lot specific                                                                                                                               |
| Buffer:          | PBS, pH 7.4.                                                                                                                               |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                            |
| Storage:         | 4 °C,-20 °C                                                                                                                                |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C.<br>Aliquots are stable for at least 1 year. |
