## Overview

|                      |                                         |
|----------------------|-----------------------------------------|
| Quantity:            | 400 µL                                  |
| Target:              | C1orf151                                |
| Binding Specificity: | AA 1-33                                 |
| Reactivity:          | Mouse                                   |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This C1orf151 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                   |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This MINOS1 antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 1-33 amino acids from the N-terminal region of human MINOS1. |
| Purification: | Protein A purified                                                                                                                                                     |

## Target Details

|                   |                                                                                                       |
|-------------------|-------------------------------------------------------------------------------------------------------|
| Target:           | C1orf151                                                                                              |
| Alternative Name: | C1orf151 ( <a href="#">C1orf151 Products</a> )                                                        |
| Background:       | Name/Gene ID: MINOS1<br><br>Synonyms: MINOS1, RP5-1056L3.2, UPF0327 protein C1orf151, C1orf151, MIO10 |
| Gene ID:          | 440574                                                                                                |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: WB (1:1000)             |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, 0.09 % sodium azide.                                                                                              |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C, -20 °C                                                                                                           |
| Storage Comment:   | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.                               |
| Expiry Date:       | 6 months                                                                                                               |
