

Datasheet for ABIN2591857

**anti-Caspase 6 antibody (AA 194-293) (Biotin)**[Go to Product page](#)

## Overview

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Quantity:            | 100 µL                                          |
| Target:              | Caspase 6 (CASP6)                               |
| Binding Specificity: | AA 194-293                                      |
| Reactivity:          | Human                                           |
| Host:                | Rabbit                                          |
| Clonality:           | Polyclonal                                      |
| Conjugate:           | This Caspase 6 antibody is conjugated to Biotin |
| Application:         | Western Blotting (WB)                           |

## Product Details

|               |                                                         |
|---------------|---------------------------------------------------------|
| Immunogen:    | Recombinant CASP6 (Ala194-Asn293) expressed in E. coli. |
|               | Type of Immunogen: Recombinant protein                  |
| Isotype:      | IgG                                                     |
| Specificity:  | Human CASP6 / Caspase 6                                 |
| Purification: | Affinity purified                                       |

## Target Details

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Target:           | Caspase 6 (CASP6)                                    |
| Alternative Name: | CASP6 / Caspase 6 ( <a href="#">CASP6 Products</a> ) |

## Target Details

|             |                                                                                      |
|-------------|--------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: CASP6                                                                  |
|             | Subfamily: Cysteine C14                                                              |
|             | Family: Protease                                                                     |
|             | Synonyms: CASP6, Apoptotic protease Mch-2, Caspase 6, CASP-6, Caspase-6, Mch-2, MCH2 |
| Gene ID:    | 839                                                                                  |
| Pathways:   | <a href="#">Apoptosis</a> , <a href="#">Caspase Cascade in Apoptosis</a>             |

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: WB (1:100 - 1:400)                                                                                                    |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                    |                                                                                                                                                                                                       |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                                                                                                |
| Concentration:     | Lot specific                                                                                                                                                                                          |
| Buffer:            | PBS, pH 7.4, 0.02 % sodium azide, 50 % glycerol.                                                                                                                                                      |
| Preservative:      | Sodium azide                                                                                                                                                                                          |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                                                                                |
| Storage:           | 4 °C,-20 °C,-80 °C                                                                                                                                                                                    |
| Storage Comment:   | Store frozen product at or below -20°C. Thawed product may be stored for 2-4 weeks at 4°C.<br>For optimal storage, aliquot to smaller portions and store at -20°C to -70°C. Avoid freeze-thaw cycles. |
