## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | CDC23                                |
| Binding Specificity: | AA 491-592                           |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Monoclonal                           |
| Conjugate:           | This CDC23 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                                                                                       |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Partial recombinant (aa491-592) from CDC23 (NP_004652) with GST tag. MW of the GST tag alone is 26 kDa.<br><br>Type of Immunogen: Recombinant protein |
| Isotype:      | IgG2a kappa                                                                                                                                           |
| Specificity:  | Human CDC23                                                                                                                                           |
| Purification: | Affinity purified                                                                                                                                     |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | CDC23                                    |
| Alternative Name: | CDC23 ( <a href="#">CDC23 Products</a> ) |

## Target Details

|                 |                                                                                   |
|-----------------|-----------------------------------------------------------------------------------|
| Background:     | Name/Gene ID: CDC23                                                               |
|                 | Synonyms: CDC23, ANAPC8, APC8, Cell division cycle 23, CUT23, Cyclosome subunit 8 |
| Gene ID:        | 8697                                                                              |
| NCBI Accession: | <a href="#">NP_004652</a>                                                         |
| Pathways:       | <a href="#">Protein targeting to Nucleus</a>                                      |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                   |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                            |
| Concentration:   | Lot specific                                                                                                                      |
| Buffer:          | PBS, pH 7.2.                                                                                                                      |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                   |
| Storage:         | 4 °C,-20 °C                                                                                                                       |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C.<br>Aliquots are stable for 1 year. |
