antibodies

## Datasheet for ABIN2595114 anti-ChT antibody (Biotin)

| Overview          |   |
|-------------------|---|
| Quantity:         | 0.5 mg  |
| Target:           | ChT   |
| Reactivity:       | Chicken   |
| Host:             | Mouse   |
| Clonality:        | Monoclonal                                      |
| Conjugate:        | This ChT antibody is conjugated to Biotin       |
| Application:      | Flow Cytometry (FACS), Immunoprecipitation (IP) |
| Product Details   |   |
| Immunogen:        | Chicken thymocytes.                             |
|                   | Type of Immunogen: Cells                        |
| Clone:            | CT1   |
| lsotype:          | lgG1  |
| Specificity:      | Chicken chT1                                    |
| Purification:     | Purified  |
| Target Details    |   |
| Target:           | ChT   |
| Alternative Name: | ChT1 (ChT Products)                             |

| Application Details |   |
|---------------------|---|
| Application Notes:  | Approved: Flo, IP   |
|                     | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:            | Target Species of Antibody: Chicken   |
| Restrictions:       | For Research Use only   |
| Handling            |   |
| Format:             | Liquid  |
| Concentration:      | Lot specific  |
| Buffer:             | PBS, sodium azide.  |
| Preservative:       | Sodium azide  |
| Precaution of Use:  | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which   |

| Precaution of Use: | should be handled by trained staff only. |
|--------------------|--|
| Storage:           | 4 °C                                     |
| Storage Comment:   | Store at 2°C to 8°C.                     |
