## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µg                              |
| Target:              | CLP1                                |
| Binding Specificity: | AA 316-426                          |
| Reactivity:          | Human                               |
| Host:                | Mouse                               |
| Clonality:           | Monoclonal                          |
| Conjugate:           | This CLP1 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

|               |                                                                                                                                                            |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Partial recombinant (aa316-426) from human HEAB (NP_006822) with GST tag. MW of the GST tag alone is 26 KDa.<br><br>Type of Immunogen: Recombinant protein |
| Isotype:      | IgG2a kappa                                                                                                                                                |
| Specificity:  | Human CLP1.                                                                                                                                                |
| Purification: | Affinity purified                                                                                                                                          |

## Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | CLP1                                   |
| Alternative Name: | CLP1 ( <a href="#">CLP1 Products</a> ) |

### Target Details

|                 |                                                                                  |
|-----------------|----------------------------------------------------------------------------------|
| Background:     | Name/Gene ID: CLP1                                                               |
|                 | Synonyms: CLP1, HEAB, Polynucleotide kinase Clp1, ATP/GTP-binding protein, HClp1 |
| Gene ID:        | 10978                                                                            |
| NCBI Accession: | <a href="#">NP_006822</a>                                                        |
| Pathways:       | <a href="#">Ribonucleoprotein Complex Subunit Organization</a>                   |

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

### Handling

|                  |                                                                                                                                            |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                                     |
| Concentration:   | Lot specific                                                                                                                               |
| Buffer:          | PBS, pH 7.2.                                                                                                                               |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                            |
| Storage:         | 4 °C,-20 °C                                                                                                                                |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C.<br>Aliquots are stable for at least 1 year. |
