

Datasheet for ABIN2595587  
**anti-MAD2L1BP antibody (AA 1-306)**

[Go to Product page](#)

## Overview

|                      |                                         |
|----------------------|-----------------------------------------|
| Quantity:            | 100 µg                                  |
| Target:              | MAD2L1BP                                |
| Binding Specificity: | AA 1-306                                |
| Reactivity:          | Human, Mouse                            |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This MAD2L1BP antibody is un-conjugated |
| Application:         | Western Blotting (WB)                   |

## Product Details

|               |                                                       |
|---------------|-------------------------------------------------------|
| Immunogen:    | Full length human MAD2L1BP, aa1-306 (NP_001003690.1). |
|               | Type of Immunogen: Recombinant protein                |
| Isotype:      | IgG                                                   |
| Specificity:  | Human CMT2 / MAD2L1BP                                 |
| Purification: | Affinity purified                                     |

## Target Details

|                   |                                                       |
|-------------------|-------------------------------------------------------|
| Target:           | MAD2L1BP                                              |
| Alternative Name: | CMT2 / MAD2L1BP ( <a href="#">MAD2L1BP Products</a> ) |

## Target Details

|                 |                                                                                                                                      |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Background:     | Name/Gene ID: MAD2L1BP                                                                                                               |
|                 | Synonyms: MAD2L1BP, CMT2, DJ261G23.1, MAD2L1 binding protein, KIAA0110, RP1-261G23.6, MAD2L1-binding protein, Caught by MAD2 protein |
| Gene ID:        | 9587                                                                                                                                 |
| NCBI Accession: | <a href="#">NP_001003690</a>                                                                                                         |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, pH 7.2.                                                                                                                   |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C,-20 °C                                                                                                                    |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year. |
