## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 200 µL                                |
| Target:              | COMMD9                                |
| Binding Specificity: | AA 147-176                            |
| Reactivity:          | Human                                 |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This COMMD9 antibody is un-conjugated |
| Application:         | ELISA, Western Blotting (WB)          |

## Product Details

|               |                                                                                                                                                                          |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                      |
| Specificity:  | This COMMD9 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 147-176 amino acids from the C-terminal region of human COMMD9. |
| Purification: | Affinity purified                                                                                                                                                        |

## Target Details

|                   |                                                            |
|-------------------|------------------------------------------------------------|
| Target:           | COMMD9                                                     |
| Alternative Name: | COMMD9 ( <a href="#">COMMD9 Products</a> )                 |
| Background:       | Name/Gene ID: COMMD9                                       |
|                   | Synonyms: COMMD9, COMM9, HSPC166, COMM domain containing 9 |

## Target Details

Gene ID: 29099

## Application Details

Application Notes: Approved: ELISA (1:1000), WB (1:100 - 1:500)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year.
