## Overview

|                      |                                                                                 |
|----------------------|---------------------------------------------------------------------------------|
| Quantity:            | 200 µL                                                                          |
| Target:              | DAAM1                                                                           |
| Binding Specificity: | AA 341-370                                                                      |
| Reactivity:          | Human, Hamster                                                                  |
| Host:                | Rabbit                                                                          |
| Clonality:           | Polyclonal                                                                      |
| Conjugate:           | This DAAM1 antibody is un-conjugated                                            |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), ELISA, Flow Cytometry (FACS) |

## Product Details

|               |                                                                                                                                                                                  |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                              |
| Specificity:  | This DAAM1-T361 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 341-370 amino acids from the N-terminal region of human DAAM1-T361. |
| Purification: | Affinity purified                                                                                                                                                                |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | DAAM1                                    |
| Alternative Name: | DAAM1 ( <a href="#">DAAM1 Products</a> ) |
| Background:       | Name/Gene ID: DAAM1                      |

## Target Details

|           |                               |
|-----------|-------------------------------|
|           | Synonyms: DAAM1, KIAA0666     |
| Gene ID:  | 23002                         |
| Pathways: | <a href="#">WNT Signaling</a> |

## Application Details

|                    |                                                                                     |
|--------------------|-------------------------------------------------------------------------------------|
| Application Notes: | Approved: ELISA (1:1000), Flo (1:10 - 1:50), IHC (1:50 - 1:100), WB (1:100 - 1:500) |
| Comment:           | Target Species of Antibody: Human                                                   |
| Restrictions:      | For Research Use only                                                               |

## Handling

|                    |                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                         |
| Concentration:     | Lot specific                                                                                                                   |
| Buffer:            | PBS, pH 7.2, 0.09 % sodium azide.                                                                                              |
| Preservative:      | Sodium azide                                                                                                                   |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.         |
| Handling Advice:   | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:           | 4 °C,-20 °C                                                                                                                    |
| Storage Comment:   | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year. |
