## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µg                              |
| Target:              | DND1                                |
| Binding Specificity: | AA 167-260                          |
| Reactivity:          | Human, Rat, Mouse                   |
| Host:                | Mouse                               |
| Clonality:           | Monoclonal                          |
| Conjugate:           | This DND1 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

|               |                                                                                                                                                                           |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Full length recombinant protein (aa167-260) from human DND1 (NP_919225) with GST tag.<br>MW of the GST tag alone is 26 KDa.<br><br>Type of Immunogen: Recombinant protein |
| Isotype:      | IgG2a kappa                                                                                                                                                               |
| Specificity:  | Human DND1                                                                                                                                                                |
| Purification: | Affinity purified                                                                                                                                                         |

## Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | DND1                                   |
| Alternative Name: | DND1 ( <a href="#">DND1 Products</a> ) |

## Target Details

|                 |                                                                                   |
|-----------------|-----------------------------------------------------------------------------------|
| Background:     | Name/Gene ID: DND1                                                                |
|                 | Synonyms: DND1, Dead end homolog 1 (zebrafish), Dead end protein homolog 1, RBMS4 |
| Gene ID:        | 373863                                                                            |
| NCBI Accession: | <a href="#">NP_919225</a>                                                         |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                   |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                            |
| Concentration:   | Lot specific                                                                                                                      |
| Buffer:          | PBS, pH 7.2.                                                                                                                      |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                   |
| Storage:         | 4 °C,-20 °C                                                                                                                       |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C.<br>Aliquots are stable for 1 year. |
