## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | EFHD1                                |
| Binding Specificity: | AA 1-239                             |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This EFHD1 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                |
|---------------|------------------------------------------------|
| Immunogen:    | Full length human EFHD1, aa1-239 (AAH04128.2). |
|               | Type of Immunogen: Recombinant protein         |
| Isotype:      | IgG                                            |
| Specificity:  | Human EFHD1.                                   |
| Purification: | Affinity purified                              |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | EFHD1                                    |
| Alternative Name: | EFHD1 ( <a href="#">EFHD1 Products</a> ) |

## Target Details

|             |                                                                                          |
|-------------|------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: EFHD1                                                                      |
|             | Synonyms: EFHD1, EF hand domain containing 1, MSTP133, PP3051, SWS2, MST133, Swiprosin-2 |

|          |       |
|----------|-------|
| Gene ID: | 80303 |
|----------|-------|

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                                  |
| Concentration:   | Lot specific                                                                                                                            |
| Buffer:          | PBS, pH 7.2.                                                                                                                            |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                         |
| Storage:         | 4 °C,-20 °C                                                                                                                             |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for at least 1 year. |
