## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 200 µL                               |
| Target:              | GTF2I                                |
| Binding Specificity: | AA 956-985                           |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This GTF2I antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                                                                                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                    |
| Specificity:  | This GTF2I antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 956-985 amino acids from the C-terminal region of human GTF2I. |
| Purification: | Affinity purified                                                                                                                                                      |

## Target Details

|                                                                                         |                                                   |
|-----------------------------------------------------------------------------------------|---------------------------------------------------|
| Target:                                                                                 | GTF2I                                             |
| Alternative Name:                                                                       | GTF2I / TFII I ( <a href="#">GTF2I Products</a> ) |
| Background:                                                                             | Name/Gene ID: GTF2I                               |
| Synonyms: GTF2I, BAP-135, BAP135, BTK-associated protein, 135kD, BTK-associated protein |                                                   |

### Target Details

|          |                                                                                                     |
|----------|-----------------------------------------------------------------------------------------------------|
|          | 135, DIWS, IB291, SRF-Phox1-interacting protein, WBSCR6, TFII I, TFII-I, BTKAP1, WBS, GTFII-I, SPIN |
| Gene ID: | 2969                                                                                                |

### Application Details

|                    |                                              |
|--------------------|----------------------------------------------|
| Application Notes: | Approved: ELISA (1:1000), WB (1:100 - 1:500) |
| Comment:           | Target Species of Antibody: Human            |
| Restrictions:      | For Research Use only                        |

### Handling

|                    |                                                                                                                                         |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                                  |
| Concentration:     | Lot specific                                                                                                                            |
| Buffer:            | PBS, 0.09 % sodium azide.                                                                                                               |
| Preservative:      | Sodium azide                                                                                                                            |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                  |
| Handling Advice:   | Aliquot to avoid repeated freezing and thawing.                                                                                         |
| Storage:           | 4 °C,-20 °C                                                                                                                             |
| Storage Comment:   | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for at least 1 year. |
