## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 50 µg                                |
| Target:              | IDH3G                                |
| Binding Specificity: | AA 1-393                             |
| Reactivity:          | Human, Rat                           |
| Host:                | Mouse                                |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This IDH3G antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                 |
|---------------|-------------------------------------------------|
| Immunogen:    | Full length human IDH3G, aa1-393 (NP_004126.1). |
|               | Type of Immunogen: Recombinant protein          |
| Isotype:      | IgG                                             |
| Specificity:  | Human IDH3G                                     |
| Purification: | Affinity purified                               |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | IDH3G                                    |
| Alternative Name: | IDH3G ( <a href="#">IDH3G Products</a> ) |

## Target Details

|                 |                                                        |
|-----------------|--------------------------------------------------------|
| Background:     | Name/Gene ID: IDH3G                                    |
|                 | Synonyms: IDH3G, H-IDHG, NAD+-specific ICDH, IDH-gamma |
| Gene ID:        | 3421                                                   |
| NCBI Accession: | <a href="#">NP_004126</a>                              |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                   |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                            |
| Concentration:   | Lot specific                                                                                                                      |
| Buffer:          | PBS, pH 7.2.                                                                                                                      |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                   |
| Storage:         | 4 °C,-20 °C                                                                                                                       |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C.<br>Aliquots are stable for 1 year. |
