

Datasheet for ABIN2607770  
**anti-IFNA5 antibody (AA 1-189)**

[Go to Product page](#)

## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 50 µg                                |
| Target:              | IFNA5                                |
| Binding Specificity: | AA 1-189                             |
| Reactivity:          | Human                                |
| Host:                | Mouse                                |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This IFNA5 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                 |
|---------------|-------------------------------------------------|
| Immunogen:    | Full length human IFNA5, aa1-189 (NP_002160.1). |
|               | Type of Immunogen: Recombinant protein          |
| Isotype:      | IgG                                             |
| Specificity:  | Human IFNA5 / Interferon Alpha 5.               |
| Purification: | Affinity purified                               |

## Target Details

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Target:           | IFNA5                                                         |
| Alternative Name: | IFNA5 / Interferon alpha 5 ( <a href="#">IFNA5 Products</a> ) |

## Target Details

|                 |                                                                                                                                                                                                  |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background:     | Name/Gene ID: IFNA5<br>Family: Interferon<br><br>Synonyms: IFNA5, IFN-alphaG, IFN-alpha-5, INFA5, Interferon, alpha 5, INA5, Interferon alpha-61, Interferon alpha-G, LeIF G, Interferon alpha-5 |
| Gene ID:        | 3442                                                                                                                                                                                             |
| NCBI Accession: | <a href="#">NP_002160</a>                                                                                                                                                                        |
| Pathways:       | <a href="#">JAK-STAT Signaling</a> , <a href="#">Hepatitis C</a>                                                                                                                                 |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                |
|------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                   |
| Buffer:          | PBS, pH 7.2.                                                                                                                   |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                |
| Storage:         | 4 °C, -20 °C                                                                                                                   |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year. |
