## Overview

|                      |                                            |
|----------------------|--------------------------------------------|
| Quantity:            | 100 µL                                     |
| Target:              | LGALS8                                     |
| Binding Specificity: | AA 1-317                                   |
| Reactivity:          | Human                                      |
| Host:                | Rabbit                                     |
| Clonality:           | Polyclonal                                 |
| Conjugate:           | This LGALS8 antibody is conjugated to FITC |
| Application:         | Western Blotting (WB)                      |

## Product Details

|               |                                                      |
|---------------|------------------------------------------------------|
| Immunogen:    | Recombinant GAL8 (Met1-Trp317) expressed in E. coli. |
|               | Type of Immunogen: Recombinant protein               |
| Isotype:      | IgG                                                  |
| Specificity:  | Human LGALS8 / Galectin 8                            |
| Purification: | Affinity purified                                    |

## Target Details

|                   |                                                         |
|-------------------|---------------------------------------------------------|
| Target:           | LGALS8                                                  |
| Alternative Name: | LGALS8 / Galectin 8 ( <a href="#">LGALS8 Products</a> ) |

## Target Details

|             |                                                                                       |
|-------------|---------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: LGALS8                                                                  |
|             | Family: Lectin                                                                        |
|             | Synonyms: LGALS8, Galectin-8g, Galectin-8, Po66-CBP, PCTA-1, Gal-8, Galectin 8, PCTA1 |
| Gene ID:    | 3964                                                                                  |

## Application Details

|                    |                                                                                                                                 |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: WB (1:100 - 1:400)                                                                                                    |
|                    | Usage: The applications listed have been tested for the unconjugated form of this product.<br>Other forms have not been tested. |
| Comment:           | Target Species of Antibody: Human                                                                                               |
| Restrictions:      | For Research Use only                                                                                                           |

## Handling

|                    |                                                                                                                                                                                                       |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                                                                                                |
| Concentration:     | Lot specific                                                                                                                                                                                          |
| Buffer:            | PBS, pH 7.4, 0.02 % sodium azide, 50 % glycerol.                                                                                                                                                      |
| Preservative:      | Sodium azide                                                                                                                                                                                          |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.                                                                                |
| Storage:           | 4 °C,-20 °C,-80 °C                                                                                                                                                                                    |
| Storage Comment:   | Store frozen product at or below -20°C. Thawed product may be stored for 2-4 weeks at 4°C.<br>For optimal storage, aliquot to smaller portions and store at -20°C to -70°C. Avoid freeze-thaw cycles. |
