## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 200 µL                              |
| Target:              | LHX6                                |
| Binding Specificity: | AA 334-363                          |
| Reactivity:          | Human, Mouse                        |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This LHX6 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA        |

## Product Details

|               |                                                                                                                                                                      |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                                  |
| Specificity:  | This LHX6 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 334-363 amino acids from the C-terminal region of human LHX6. |
| Purification: | Affinity purified                                                                                                                                                    |

## Target Details

|                                                                              |                                        |
|------------------------------------------------------------------------------|----------------------------------------|
| Target:                                                                      | LHX6                                   |
| Alternative Name:                                                            | LHX6 ( <a href="#">LHX6 Products</a> ) |
| Background:                                                                  | Name/Gene ID: LHX6                     |
| Synonyms: LHX6, LHX6.1, LIM homeodomain protein 6.1, LIM homeobox protein 6, |                                        |

## Target Details

LIM/homeobox protein Lhx6, LIM/homeobox protein Lhx6.1, LIM homeobox 6

Gene ID: 26468

## Application Details

Application Notes: Approved: ELISA (1:1000), WB (1:100 - 1:500)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.2, 0.09 % sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid repeated freezing and thawing.

Storage: 4 °C, -20 °C

Storage Comment: May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for 1 year.
