## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µg                               |
| Target:              | FUCA1                                |
| Binding Specificity: | AA 1-461                             |
| Reactivity:          | Human, Mouse                         |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This FUCA1 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                |
|---------------|------------------------------------------------|
| Immunogen:    | Full length human FUCA1, aa1-461 (AAH17338.1). |
|               | Type of Immunogen: Recombinant protein         |
| Isotype:      | IgG                                            |
| Specificity:  | Human Alpha Fucosidase / FUCA1                 |
| Purification: | Affinity purified                              |

## Target Details

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Target:           | FUCA1                                                       |
| Alternative Name: | alpha Fucosidase / FUCA1 ( <a href="#">FUCA1 Products</a> ) |

## Target Details

|             |                                                                                                                                                                           |
|-------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: FUCA1<br><br>Synonyms: FUCA1, Alpha Fucosidase, Alpha-L-fucosidase 1, Alpha-L-fucosidase I, FUCA, Fucosidase, alpha-L- 1, tissue, Tissue alpha-L-fucosidase |
| Gene ID:    | 2517                                                                                                                                                                      |
| Pathways:   | <a href="#">Glycosaminoglycan Metabolic Process</a>                                                                                                                       |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Liquid                                                                                                                                  |
| Concentration:   | Lot specific                                                                                                                            |
| Buffer:          | PBS, pH 7.4.                                                                                                                            |
| Handling Advice: | Aliquot to avoid repeated freezing and thawing.                                                                                         |
| Storage:         | 4 °C,-20 °C                                                                                                                             |
| Storage Comment: | May be stored at 4°C for short-term only. Aliquot to avoid freeze-thaw cycles. Store at -20°C. Aliquots are stable for at least 1 year. |
