## Overview

|                      |                                                                                         |
|----------------------|-----------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                  |
| Target:              | NR0B1                                                                                   |
| Binding Specificity: | AA 161-430                                                                              |
| Reactivity:          | Human                                                                                   |
| Host:                | Mouse                                                                                   |
| Clonality:           | Monoclonal                                                                              |
| Conjugate:           | This NR0B1 antibody is un-conjugated                                                    |
| Application:         | Immunohistochemistry (IHC), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                                                                                                                                       |
|---------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Human recombinant protein fragment corresponding to amino acids 161-430 of human NR0B1 (NP_000466) produced in E. coli.<br><br>Type of Immunogen: Recombinant protein |
| Clone:        | 5F5                                                                                                                                                                   |
| Isotype:      | IgG1                                                                                                                                                                  |
| Specificity:  | Human NR0B1 / DAX1                                                                                                                                                    |
| Purification: | Immunoaffinity purified                                                                                                                                               |

## Target Details

|         |       |
|---------|-------|
| Target: | NR0B1 |
|---------|-------|

## Target Details

|                   |                                                                                                                                                                                                                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Alternative Name: | NR0B1 / DAX1 ( <a href="#">NR0B1 Products</a> )                                                                                                                                                                                                                                                                |
| Background:       | Name/Gene ID: NR0B1<br>Subfamily: NR0 Knirps-like<br>Family: NHR<br><br>Synonyms: NR0B1, AHX, AHC, AHCH, DAX1, DSS, DAX 1, DAX-1, Adrenal hypoplasia congenita, Dosage-sensitive sex reversal, GTD, HHG, Nuclear hormone receptor, NR0B1, Nuclear receptor DAX-1, SRXY2, Nuclear receptor DAX1, Dax-1 receptor |
| Gene ID:          | 190                                                                                                                                                                                                                                                                                                            |
| NCBI Accession:   | <a href="#">NP_000466</a>                                                                                                                                                                                                                                                                                      |

## Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: IHC, IHC-P (1:150)      |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.3, 1 % BSA, 50 % glycerol, 0.02 % sodium azide                                                               |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Handling Advice:   | Minimize freezing and thawing.                                                                                         |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C. Avoid freeze-thaw cycles.                                                                              |
