anti-L-Selectin antibody (PerCP)[Go to Product page](#)**1** Image

Overview

Quantity:	100 µg
Target:	L-Selectin (SELL)
Reactivity:	Chemical
Host:	Mouse
Clonality:	Monoclonal
Conjugate:	This L-Selectin antibody is conjugated to PerCP
Application:	Flow Cytometry (FACS), Western Blotting (WB), Immunohistochemistry (IHC), Immunoprecipitation (IP)

Product Details

Clone:	OX-85
Isotype:	IgG1 kappa
Purification:	The antibody was purified by affinity chromatography, and conjugated with PerCP under optimal conditions. The solution is free of unconjugated PerCP and unconjugated antibody.

Target Details

Target:	L-Selectin (SELL)
Alternative Name:	CD62L (SELL Products)
Target Type:	Chemical
Background:	CD62L is a 74-95 kD glycoprotein, also known as L-selectin, LECAM-1, Ly-22 and MEL-14. It is a member of the selectin family and is expressed on the majority of B and naive T cells, a subset

Target Details

of memory T cells,granulocytes ,subsets of thymocytes and NK cells.CD62L is important in lymphocyte homing to high endothelial venules in peripheral lymph nodes and leukocyte "rolling" on activated endothelium. CD62L also contributes to neutrophil emigration at inflammatory sites.CD62L is rapidly shed from lymphocytes and neutrophils upon activation and the expression levels of CD62L (in conjunction with other markers) hae been used to distinguish naive, effector and memory T cells.CD62L has been reported to interact with)-glycans presented on CD34, GlyCAM-1, and MadCAM-1.

Application Details

Application Notes:	Optimal working dilution should be determined by the investigator.
Restrictions:	For Research Use only

Handling

Concentration:	0.2 mg/mL
Buffer:	Phosphate-buffered solution, pH 7.2, containing 0.09 % sodium azide.
Preservative:	Sodium azide
Precaution of Use:	This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.
Handling Advice:	Protect from prolonged exposure to light. Do not freeze.
Storage:	4 °C
Storage Comment:	The antibody solution should be stored undiluted between 2°C and 8°C.
