

Datasheet for ABIN2690979 Human IL-10 ELISPOT Pair

Publications

Overview

5

Quantity:	5 plate		
Target:	IL-10 (IL10)		
Reactivity:	Human		
Application:	ELISpot		
Product Details			

Brand:	BD™ ELISPOT
Components:	This product contains sufficient reagent for five 96-well plates, including unlabelled capture
	antibody (no azide/low endotoxin format), biotinylated detection antibody, and a Certificate of
	Analysis that provides lot-specific optimal reagent concentrations.

Target Details

Target:	IL-10 (IL10)
Alternative Name:	IL-10 (IL10 Products)
Application Details	
Application Notes:	The enzyme-linked immunospot (ELISPOT) assay is a powerful tool for detecting and
	enumerating individual cells that secrete a particular protein in vitro. Based on the sandwich
	ELISA, the ELISPOT assay derives its specificity and sensitivity by employing high affinity
	capture and detection antibodies and enzyme-amplification. Although originally developed for
	analyzing specific antibody-secreting cells, the assay has been adapted for measuring the

frequencies of cells that produce and secrete other effector molecules, such as cytokines. The

Application Details

	sensitivity of the assay lends itself to measurement of even very low frequencies of cytokine		
	producing cells (e.g., 1/300,000). Unique strengths of the assay include high sensitivity, high		
	throughput, high content analysis, minimal volume of biological material required, applicability		
	to frozen/thawed biological samples, and compatibility with other assays. For example, cells		
	analyzed by ELISPOT can be transferred for cloning, proliferation assays, flow cytometry, or		
	other methods of analysis.		
Comment:	BD™ ELISPOT Human IL-10 ELISPOT Pair		
Restrictions:	For Research Use only		
Handling			
Buffer:	Aqueous buffered solution containing protein stabilizer and \leq 0.09 % sodium azide.		
Preservative:	Sodium azide		
Precaution of Use:	This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which		
	should be handled by trained staff only.		
Storage:	4 °C		
Storage Comment:	Store undiluted at 4° C and protected from prolonged exposure to light. Do not freeze.
