Datasheet for ABIN2730168
eGFP Protein (His tag)

1 Image

Overview

Quantity:	0.25 mg
Target:	eGFP
Origin:	E. coli
Source:	Escherichia coli (E. coli)
Purification tag / Conjugate:	This eGFP protein is labelled with His tag.

Product Details

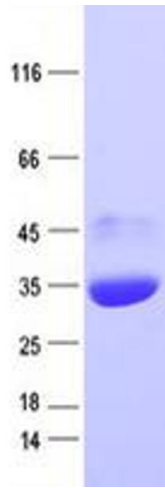

Characteristics:	Purified fluorescent protein EGFP, with N-terminal HIS tag, expressed in E. coli, 250 µg
Purity:	>80 %

Target Details

Target:	eGFP
Alternative Name:	Purified Fluorescent Protein Egfp (eGFP Products)

Application Details

Restrictions:	For Research Use only
