

## Datasheet for ABIN2730692 **anti-REG4 antibody**

[Go to Product page](#)

### Overview

|              |                                     |
|--------------|-------------------------------------|
| Quantity:    | 100 µg                              |
| Target:      | REG4                                |
| Reactivity:  | Human                               |
| Host:        | Rabbit                              |
| Clonality:   | Polyclonal                          |
| Conjugate:   | This REG4 antibody is un-conjugated |
| Application: | Enzyme Immunoassay (EIA)            |

### Product Details

|               |                                                                                                                                                    |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Isotype:      | IgG                                                                                                                                                |
| Purification: | The fragment used for D immunization was expressed in E.coli and the purified protein fragment was used for affinity purification of the antibody. |

### Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | REG4                                   |
| Alternative Name: | Reg4 ( <a href="#">REG4 Products</a> ) |

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |
