## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µL                              |
| Target:              | EMR2                                |
| Binding Specificity: | Internal Region                     |
| Reactivity:          | Human, Mouse, Dog, Rat              |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This EMR2 antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|               |   |
|---------------|---|
| Immunogen:    | KLH-conjugated synthetic peptide encompassing a sequence within the central region of human EMR2.<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Recognizes endogenous levels of EMR2 protein.   |
| Purification: | Immunoaffinity purified   |

## Target Details

|                   |   |
|-------------------|---|
| Target:           | EMR2  |
| Alternative Name: | ADGRE2 / EMR2 ( <a href="#">EMR2 Products</a> ) |
| Background:       | Name/Gene ID: ADGRE2                            |

## Target Details

---

Subfamily: Orphan-B

Family: GPCR

Synonyms: ADGRE2, CD312 antigen, EMR2, EGF-like module receptor 2, CD312

---

Gene ID: 30817

## Application Details

---

Application Notes: Approved: WB (1:500 - 1:1000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

---

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.3, 0.01 % sodium azide, 30 % glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid freeze/thaw cycles.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot to avoid freeze/thaw cycles.
