## Overview

|                      |                                                                           |
|----------------------|---------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                    |
| Target:              | IKZF3                                                                     |
| Binding Specificity: | Internal Region                                                           |
| Reactivity:          | Human, Cow, Monkey                                                        |
| Host:                | Rabbit                                                                    |
| Clonality:           | Polyclonal                                                                |
| Conjugate:           | This IKZF3 antibody is un-conjugated                                      |
| Application:         | Western Blotting (WB), Immunofluorescence (IF), Immunocytochemistry (ICC) |

## Product Details

|               |                                                                                                                                                 |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | KLH-conjugated synthetic peptide encompassing a sequence within the central region of human AIOLOS.<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Recognizes endogenous levels of AIOLOS protein.                                                                                                 |
| Purification: | Immunoaffinity purified                                                                                                                         |

## Target Details

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Target:           | IKZF3                                             |
| Alternative Name: | IKZF3 / AIOLOS ( <a href="#">IKZF3 Products</a> ) |
| Background:       | Name/Gene ID: IKZF3                               |

## Target Details

Synonyms: IKZF3, AIO, AIOLOS, Zinc finger protein Aiolos, ZNFN1A3

Gene ID: 22806

## Application Details

Application Notes: Approved: ICC (1:100 - 1:500), IF, WB (1:500 - 1:1000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.3, 0.01 % sodium azide, 30 % glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid freeze/thaw cycles.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot to avoid freeze/thaw cycles.
