**anti-MEK1 + MEK2 antibody (Internal Region)**[Go to Product page](#)

## Overview

|                      |                                                                                                                |
|----------------------|----------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                                                         |
| Target:              | MEK1 + MEK2                                                                                                    |
| Binding Specificity: | Internal Region                                                                                                |
| Reactivity:          | Human, Mouse, Rat, Chicken, Dog, Rabbit, Monkey, Pig                                                           |
| Host:                | Rabbit                                                                                                         |
| Clonality:           | Polyclonal                                                                                                     |
| Conjugate:           | This MEK1 + MEK2 antibody is un-conjugated                                                                     |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                                                                                                                 |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | KLH-conjugated synthetic peptide encompassing a sequence within the central region of human MKK1/2.<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Recognizes endogenous levels of MKK1/2 protein.                                                                                                 |
| Purification: | Immunoaffinity purified                                                                                                                         |

## Target Details

|                   |                                                                     |
|-------------------|---------------------------------------------------------------------|
| Target:           | MEK1 + MEK2                                                         |
| Alternative Name: | MEK1 + MEK2 ( <a href="#">MEK1</a> + <a href="#">MEK2</a> Products) |

## Target Details

Background: This antibody detects: MEK1 + MEK2

## Application Details

Application Notes: Approved: IHC, IHC-P (1:100 - 1:200), WB (1:500 - 1:1000)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: Lot specific

Buffer: PBS, pH 7.3, 0.01 % sodium azide, 30 % glycerol.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Handling Advice: Aliquot to avoid freeze/thaw cycles.

Storage: -20 °C

Storage Comment: Store at -20°C. Aliquot to avoid freeze/thaw cycles.
