## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 400 µL                                |
| Target:              | SNAP25                                |
| Binding Specificity: | Ser187                                |
| Reactivity:          | Mouse                                 |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This SNAP25 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA          |

## Product Details

|               |                                                                                                                                                                |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Specificity:  | This SNAP25 antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 179-213 amino acids from the region of human SNAP25. |
| Purification: | Protein A purified                                                                                                                                             |

## Target Details

|                   |                                                                                                                                      |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | SNAP25                                                                                                                               |
| Alternative Name: | SNAP25 ( <a href="#">SNAP25 Products</a> )                                                                                           |
| Background:       | Name/Gene ID: SNAP25<br>Family: SNAP-25<br><br>Synonyms: SNAP25, BA416N4.2, DJ1068F16.2, SNAP, SUP, Super protein, RIC4, SEC9, SNAP- |

### Target Details

|           |                                                                                                                                                                                                  |
|-----------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|           | 25, RIC-4                                                                                                                                                                                        |
| Gene ID:  | 6616                                                                                                                                                                                             |

### Application Details

|                    |                                   |
|--------------------|-----------------------------------|
| Application Notes: | Approved: ELISA, WB (1:1000)      |
| Comment:           | Target Species of Antibody: Human |
| Restrictions:      | For Research Use only             |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, 0.09 % sodium azide.                                                                                              |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.                               |
| Expiry Date:       | 6 months                                                                                                               |
