Datasheet for ABIN2749507

anti-Cadherin 74A antibody (Isoform A) (FITC)

Overview

Quantity:	100 µg
Target:	Cadherin 74A (CAD74A)
Binding Specificity:	AA 100-150, Isoform A
Reactivity:	D. Melanogaster
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This Cadherin 74A antibody is conjugated to FITC
Application:	Immunoprecipitation (IP), ELISA, Western Blotting (WB)

Product Details

Immunogen:	Synthetic peptide taken within amino acid region 100-150 on D. melanogaster Cadherin 74A, isoform A protein.
Isotype:	IgG
Purification:	Affinity Purified

Target Details

Target:	Cadherin 74A (CAD74A)
Alternative Name:	Cadherin 74A (CAD74A Products)
Target Type:	Chemical
UniProt:	Q9VVG0

Application Details

Restrictions: For Research Use only

Handling

Format: Liquid

Concentration: 0.55-0.75 µg/µL
