## Overview

|                      |                                                                                    |
|----------------------|------------------------------------------------------------------------------------|
| Quantity:            | 100 µg                                                                             |
| Target:              | IL17B                                                                              |
| Binding Specificity: | AA 300-400                                                                         |
| Reactivity:          | Human, Rat, Mouse                                                                  |
| Host:                | Rabbit                                                                             |
| Clonality:           | Polyclonal                                                                         |
| Conjugate:           | This IL17B antibody is un-conjugated                                               |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Immunoprecipitation (IP) |

## Product Details

|               |                                                                             |
|---------------|-----------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide taken within amino acid region 300-400 on IL17RB protein. |
| Isotype:      | IgG                                                                         |
| Purification: | Affinity Purified                                                           |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | IL17B                                    |
| Alternative Name: | IL17B ( <a href="#">IL17B Products</a> ) |
| UniProt:          | <a href="#">Q9NRM6</a>                   |

Application Details

Restrictions: For Research Use only

Handling

Format: Liquid

Concentration: 0.74-0.90 µg/µL
