

Datasheet for ABIN2750979

**anti-PDE5A antibody (C-Term) (HRP)**[Go to Product page](#)

## Overview

|                      |                                                                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 100 µg                                                                                                                                                           |
| Target:              | PDE5A                                                                                                                                                            |
| Binding Specificity: | AA 120-170, C-Term                                                                                                                                               |
| Reactivity:          | Human, Chicken                                                                                                                                                   |
| Host:                | Rabbit                                                                                                                                                           |
| Clonality:           | Polyclonal                                                                                                                                                       |
| Conjugate:           | This PDE5A antibody is conjugated to HRP                                                                                                                         |
| Application:         | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Immunofluorescence (IF), Immunoprecipitation (IP), Immunocytochemistry (ICC), Confocal Microscopy (CM) |

## Product Details

|               |                                                                                                               |
|---------------|---------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide common to all PDE5A variants taken within amino acid region 120-170 on human PDE5A protein. |
| Isotype:      | IgG                                                                                                           |
| Purification: | Affinity Purified                                                                                             |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | PDE5A                                    |
| Alternative Name: | PDE5A ( <a href="#">PDE5A Products</a> ) |
| UniProt:          | <a href="#">O76074</a>                   |

Target Details

Pathways: [Regulation of G-Protein Coupled Receptor Protein Signaling](#)

Application Details

Restrictions: For Research Use only

Handling

Format: Liquid

Concentration: 0.55-0.60 µg/µL
