## Overview

|                      |                                                                                                                    |
|----------------------|--------------------------------------------------------------------------------------------------------------------|
| Quantity:            | 50 µL                                                                                                              |
| Target:              | GPR151                                                                                                             |
| Binding Specificity: | C-Term                                                                                                             |
| Reactivity:          | Human                                                                                                              |
| Host:                | Rabbit                                                                                                             |
| Clonality:           | Polyclonal                                                                                                         |
| Conjugate:           | This GPR151 antibody is un-conjugated                                                                              |
| Application:         | Western Blotting (WB), ELISA, Immunofluorescence (IF), Immunohistochemistry (Paraffin-embedded Sections) (IHC (p)) |

## Product Details

|               |                                                                           |
|---------------|---------------------------------------------------------------------------|
| Purpose:      | GPR151 Rabbit anti-Human Polyclonal (C-Terminus) (Unconjugated) Antibody, |
| Isotype:      | IgG                                                                       |
| Purification: | Immunoaffinity Chromatography                                             |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | GPR151                                     |
| Alternative Name: | GPR151 ( <a href="#">GPR151 Products</a> ) |
| Background:       | Gene Symbol: GPR151                        |
| Gene ID:          | 134391                                     |

## Target Details

UniProt: [Q8TDV0](#)

## Application Details

|                    |                                                                          |
|--------------------|--------------------------------------------------------------------------|
| Application Notes: | ELISA (1:1000), IF (1:100 - 1:500), IHC-P (5 µg/mL), WB (1:500 - 1:1000) |
| Restrictions:      | For Research Use only                                                    |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Concentration:     | 1 mg/mL                                                                                                                |
| Buffer:            | PBS (without Mg2+, Ca2+), pH 7.4, 150 mM sodium chloride, 0.02 % sodium azide, 50 % glycerol                           |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C,-20 °C                                                                                                            |
| Storage Comment:   | 2-8°C (short-term), -20°C (long-term)                                                                                  |
