**anti-ESRP1 antibody (N-Term)**[Go to Product page](#)

## Overview

|                      |                                                   |
|----------------------|---------------------------------------------------|
| Quantity:            | 400 µL                                            |
| Target:              | ESRP1                                             |
| Binding Specificity: | AA 182-211, N-Term                                |
| Reactivity:          | Human                                             |
| Host:                | Rabbit                                            |
| Clonality:           | Polyclonal                                        |
| Conjugate:           | This ESRP1 antibody is un-conjugated              |
| Application:         | Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|            |                                                                                                                                                                        |
|------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purpose:   | Rabbit Anti-Human ESRP1 (N-term) Antibody                                                                                                                              |
| Immunogen: | This ESRP1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 182-211 amino acids from the N-terminal region of human ESRP1. |
| Isotype:   | Ig Fraction                                                                                                                                                            |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | ESRP1                                    |
| Alternative Name: | ESRP1 ( <a href="#">ESRP1 Products</a> ) |
| Background:       | Gene Symbol: ESRP1                       |
| Molecular Weight: | 75585 Da                                 |

## Target Details

Gene ID: 54845

UniProt: [Q6NXG1](#)

## Application Details

Application Notes: Western Blot, Immunohistochemistry  
Recommended Dilutions  
WB: 1:1000, IHC: 1:50-100ESRP1 Antibody (N-term) for immunohistochemistry. Clinical relevance has not been evaluated.

Restrictions: For Research Use only

## Handling

Format: Liquid

Concentration: 0.500 mg/mL

Storage: 4 °C,-20 °C

Storage Comment: 2-8°C (short-term), -20°C (long-term)
