## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 400 µL                              |
| Target:              | LRMP                                |
| Binding Specificity: | AA 403-431, C-Term                  |
| Reactivity:          | Mouse                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This LRMP antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|            |  |
|------------|--|
| Purpose:   | Rabbit Anti-Mouse Mouse Lrmp (C-term) Antibody   |
| Immunogen: | This Mouse Lrmp antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 403-431 amino acids from the C-terminal region of mouse Lrmp. |
| Isotype:   | Ig Fraction  |

## Target Details

|                   |   |
|-------------------|---|
| Target:           | LRMP  |
| Alternative Name: | Lrmp ( <a href="#">LRMP Products</a> )  |
| Background:       | Target Description: The function of this protein is unknown.<br>Gene Symbol: Lrmp |

### Target Details

|                   |                        |
|-------------------|------------------------|
| Molecular Weight: | 59588 Da               |
| Gene ID:          | 16970                  |
| UniProt:          | <a href="#">Q60664</a> |

### Application Details

|                    |   |
|--------------------|---|
| Application Notes: | Western Blot<br><br>Recommended Dilutions<br><br>WB: 1:1000Western blot analysis of lysate from mouse spleen tissue lysate, using Mouse Lrmp Antibody (C-term) at 1:5000 dilution was used as the secondary antibody. Lysate at 35 µg per lane. |
| Restrictions:      | For Research Use only   |

### Handling

|                  |                                       |
|------------------|---------------------------------------|
| Format:          | Liquid                                |
| Concentration:   | 0.5 mg/mL                             |
| Storage:         | 4 °C,-20 °C                           |
| Storage Comment: | 2-8°C (short-term), -20°C (long-term) |
